MOTION JUDGEMENT

The Accused, (Defendant), has demanded that the law be honored according to Article 6 of the Constitution of the United States as law.

The Accused further has demanded that Article 6, Paragraph 1; Article 4, Section 4; Article 3, Section 3; Amendment 7; of the Constitution of the United States, and FRCP 38; and CRCP 38 be honored lawfully.

1. There is no debate as the plaintiff, State of (State), has brought a frivolous claim for a trial by jury to hear. No court hearing required as it has no validity in law or debate to be heard.
2. Trial by jury requires the common law of common rights to be honored. There is no common right to issuing a traffic ticket. If everyone issued tickets it would be chaos.
3. The plaintiff claim is not valid in a trial by jury for lack of a valid affidavit of injury and filed improperly.
4. The plaintiff took a chance that one did not know the law and by fraud he could take life, liberty, and property. Instead informing one of his duty to respect, and protect others in their actions as the league of friendship requires.
5. Prosecutor comes with inferior law: amendment 7, and the highest law in this country does not consent.
6. It is criminal to move forward without the plaintiff first sending a notice of alleged injury to the defendant to correct the matter or begin a debate to be heard to bring to the court for a jury to hear the matter.
